

AEQUITAS LEGAL

COMMERICAL LITIGATION BUSINESS SUPPORT PACKAGES

Aequitas Legal are looking to engage with SME businesses who have no inhouse legal function, in order to provide them with a fixed price annual contract, supporting the legal needs of their business.

In order to achieve this, Aequitas Legal recognises the need to understand these individual businesses, their structures, their markets, their transactions and overall relationships.

Aequitas Legal is committed to creating long term relationships with the SME market, and ensuring the legal services provided are business specific.

Our Head of Commercial Litigation, Emma Walmsley brings a wealth of experience supporting a variety of companies from SME to FTSE with their legal needs.

Our department aim is to provide outcome driven legal support, which includes commercial nuance and strategy. By acting in such a manner, provides for a positive client experience.
